

Next-generation shift deployment solution for intelligent mining

# ORDO

## WHO USES ORDO:

- ✓ Underground shift supervisor
- ✓ Mine shift supervisor
- ✓ Shift supervisors

# ORDO

ORDO® is supervisor centric software that modernises traditional shift planning processes, facilitates the navigation of complex planning interactions, motivates supervisors to develop improved planning outcomes and engages the workforce through plan visualisation. Intuitive, the touchscreen design supports easy adoption across all digital skill sets.

Built with configurable and intuitive user-defined workflows, ORDO® is used in both open pit and underground operations.

## KEY BENEFITS

- ✓ Time pressure on planning and deployment windows
- ✓ Maintaining a safe work environment
- ✓ Unplanned leave
- ✓ Equipment breakdown
- ✓ Incomplete tasks
- ✓ Daily and weekly targets
- ✓ Variable workplace conditions
- ✓ Cross shift handover
- ✓ Regulatory requirements
- ✓ Quality management

## KEY BENEFITS

### PLAN BETTER

ORDO® is a robust tool that stabilises and de-risks shift planning - regardless of external factors. ORDO® provides improved plan quality and visibility as well as seamless workforce engagement with plans.

### SAFETY CULTURE

ORDO® ensures all tasks are planned, resourced and communicated consistently, ensuring the workforce clearly understands work requirements. Plan transparency allows the workforce to provide feedback which supervisors can easily incorporate into the plan in real time. Providing consistency around shift planning and deployment, ORDO® helps define and articulate “the way we do things around here”.

### ADD VALUE

ORDO® motivates the supervisor to focus on developing the best shift plan, which directly results in improved performance outcomes.

### SAVE TIME

By facilitating efficient planning and reporting, particularly during the intense periods that occur prior to and at the start of each shift, ORDO® creates valuable time for the supervisor that can be utilised for quality face-to-face contact and engagement with the workforce.
